Hopefully I'll review once I start making beer1 of 1 people found the following review helpful. Homebrewing made easyBy Larry ChartierThis is an excellent book for anyone who wants to brew beer at home but never has. In the kits you buy at the stores they don't give you half of the items you need or even how

to start instructions of any kind. The author fills in all the blanks in an easy and understandable way to the novice. I would recommend this to any one looking for a good strong starting point. Quick and easy read too, not too complicated or technical. 1 of 1 people found the following review helpful. Easy topics, easy read, easy concept

Quick, simple, basic guide to homebrewing. There is nothing in this book that will take you more than a second to read, or get you stuck and make you run to the internet for a simpler explanation. Its just a basic how-to book with enough basic information explained clearly to allow the reader to make their own brew.

Your search for a book that shows you how to brew beer is over! "Great Beginner's book! The problem solving section at the very back is a God send for noobs! Easy read and will continue to be very useful as a reference guide." "This is an excellent beer brewing book for anyone who wants to brew beer at home but never has. In the kits you buy at the stores they don't give you half of the items you need or even how to start instructions of any kind. The author fills in all the blanks in an easy and understandable way to the novice. I would recommend this to any one looking for a good strong starting point. Quick and easy read too, not too complicated or technical." "Great for the first time brewer! The book covers the basics of a simple brew. Once you have this down, it makes it easy to move on to more recipes." Brewing beer is simple, but one tiny mistake could destroy your entire five gallon batch. That is over 50 beers! Do you want to waste your time and money? Do you want to throw away five gallons of beer? This book will teach you how to avoid making all the common mistakes that first time brewers make all the time. Don't start your first batch of homebrew without it! Brewing beer is a completely natural process. If you can boil water, then you can learn how to brew beer at home. It is simple and affordable. Somewhere in the grand scheme of things, we were supposed to brew beer, not drink this watered down stuff that is in the store today. We were supposed to brew that full bodied, thick rich beer that can only be made at home. This is a homebrew guide for anyone that is thinking about brewing beer for the very first time. This guide will tell you everything you need to learn how to brew beer at home. It is loaded with dozens of pictures to guide you during the entire process.
