bookBy Terence MartinWith an early statement that brewing beer is quite "Simple"; the book goes on to show that brewing a "good beer" is anything but simple. Brewing beer at home is a demanding project but the book takes the reader through the steps with a well thought routine. Everything you need is listed and given an adherence to the instructions, the result will be a fine beer. A plus is the recipes at the end of the book , No author credit given so, Good job T H E books.0 of 0 people found the following review helpful. SimpleBy CustomerIt is perfect if you are looking for the production process worked out in its simplest form. If you are looking for detailed explanations this isn't the way to go.
