Editors of Cook's Illustrated Magazine, Jack Bishop : How to Make Cookie Jar Favorites before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Make Cookie Jar Favorites:

14 of 14 people found the following review helpful. No really, these are seriously great recipes.By A CustomerWhen I was growing up, my mom made the BEST chocolate chip cookies. Yes, every adult thinks that his mom's recipe was the best, but I've now found a recipe that tops even my mom's. I loved hers because they came out really thick and chewy. I'm not a fan of the traditional tollhouse cookies which I find are too flat and boring. Mom said she makes hers with vegetable shortening because butter spreads too much. But butter DOES taste better, and in this book is a recipe that uses butter AND results in a thick, chewy, gorgeous cookie. Sorry Ma, but they got you beat! The book is worth it for this recipe alone. But the Sugar Cookie recipe is also a winner. I ate half the batch as soon as they were cool.

YUM! My one criticism is rather ungenerous number of recipes. But I'll take quality over quantity any day.8 of 8 people found the following review helpful. Can not dispute the recipes ...By Stephanie ManleyQuite honestly dessert recipes from the people at Cooks Illustrated are my flat out favorite. What ever they do, I believe they are some of the best that you will try. Their chocolate chip cookies are delicious and about as close as to a wonderful bakery as you are going to get. This series of books disappoints me. Think the size of a large postcard, that is going to be the size of this book, its not thick either. The Dessert Bible would be a better choice many more recipes than what this has at not a great increse in price. I am disappointed at the lack of content in this boo. Great recipes, but not a great price.16 of 16 people found the following review helpful. Simply DeliciousBy A CustomerThis little volume is one of a collection of single topic cookbooks published by Cook's Illustrated. It quickly became my very favorite cookbook of all time because I love to make cookies for my children and their friends. Due to fanatical kitchen testing of methods and ingredients the editors have offered advice and recipes that are simple and actually work. My favorites are the chocolate chip, peanut butter and oatmeal but there are dozens of others that are equally as good. I consider it a must have for any baker and a perfect small gift also.

An illustrated step-by-step guide to the simplest and best American cookies
