The cupcakes did not rise, the chocolate cake did not taste good at all and the bread was too dense. I decided to call it quits and just get rid of it. The pictures are pretty but recreating the desserts is impossible. 3 of 3 people found the following review helpful. Hit and miss By EmI am a perfectly adequate baker - I know how to follow a recipe and bake often (at least every weekend). The red velvet cupcakes turned out fairly well and that is the best cream cheese icing ever! However, the Black Bottom Cupcakes don't work. I followed the recipe exactly - converting back to metric using the table in the back of the book (I'm from Australia) and the batter for the chocolate part was so thick it broke by hand mixer, it was even thicker than most cookie dough and the cheese cake part wouldn't come together. So the next day I tried again, this time paying extra special attention to the recipe with the same result. I do note that if you look up the recipe online it has different values against the ingredients (which I haven't tried yet)..... is there a mistake in the book in the

conversions?? If so shouldn't there be a disclaimer when you buy?? Honestly not sure I want to try any other recipes and waste money on ingredients that get thrown in the bin. 1 of 1 people found the following review helpful. The cupcakes and muffin book very small considering the price ...By CustomerThe cupcakes and muffin book very small considering the priceThere are repeated recipes that are in the cookery book which is a more appropriate sizeI should have chosen the deluxe recipe cook book rather than the small cupcake and muffins small book

Tarek Malouf opened the first Hummingbird Bakery in London's fashionable Notting Hill district in 2004. This cookbook allows you to step inside this unique bakery and bring its trademark butter cream swirls, sprinkles, and layer-cake slices into your own kitchen. The Hummingbird's Cupcakes fly off the shelves faster than any other cake. Who can resist an adorable Vanilla Cupcake topped with candy-colored butter cream frosting and scattered with sprinkles? Take Cakes to the next level with some mouthwatering recipes. Red Velvet and Carrot are both favorites at the Bakery, and the Hummingbird Cake is a sweet, sticky triumph of banana and pineapple. Open Pies, pies with tops on, delicate pies and no-holds-barred pies: There's no shortage of options. Try Lemon Meringue with its mountain of golden fluffy meringue atop a rich, tangy lemon cream. You'll find favorite Pecan Pie here too. When you need a sweet fix, Brownies Bars hit the spot. Rocky Road and Muesli Bars are always popular and make welcome additions to a packed lunch. There can't be much that beats a homemade Blueberry Muffin with your first cup of coffee in the morning. Finally, there's something childishly satisfying about a big, chewy Cookie studded with chocolate chunks--there's something here for every king of cookie fiend. *Classic bakes are back in vogue and this book provides 50 simple recipes for everyone's favorites--from Vanilla Cupcakes to Key Lime Pie. *"If you haven't tasted a Hummingbird Bakery look-too-good-to-eat cupcake, you've definitely missed out." Marie Claire

Cakes, pies, brownies, bars, cookies and muffins from London's bakery to the stars. Never has baking been so delightfully sweet and stylish. Peaches and cream cupcakes, rocky road bars and blueberry pie - how can you resist? --Sainsbury's MagazineThe book ... features recipes for a variety of cake and dessert recipes; most are wildly indulgent, like the Brooklyn blackout and coconut meringue cakes, and Mississippi mud and key lime pies. The cupcakes come in every creed and colour from vanilla to peaches and cream, lavender, ginger and the cult red velvet, a knockout rich red sponge cake with white cream cheese frosting. --The IndependentThe Hummingbird Bakery is much beloved by the beautiful people and now the book means you don't have to brave the Circle Line to get your fix. --Buyer's GuideThe book ... features recipes for a variety of cake and dessert recipes; most are wildly indulgent, like the Brooklyn blackout and coconut meringue cakes, and Mississippi mud and key lime pies.
