3 of 3 people found the following review helpful. Make them yourself!By MichelleIce Cream Cakes are so convenient; you get both the cake and the ice cream in one dessert! On the other hand, they can be really expensive to buy. But have you ever thought of making them yourself? Ice Cream Cakes has almost thirty different recipes, for all kinds of interesting cake and ice cream combinations. It starts out with tips on how to soften the ice cream and remove cakes from their pans, and how to cut and store them, . The process of making the frozen treat can take some time, like with freezing the separate layers, but it is actually very simple and straightforward.I thought the Banana Split Ice Cream Cake sounded so good, with all of the elements of the delicious dessert (bananas, pineapple, strawberries and three kinds of ice cream) layered into one cake pan. And the Mexican Crunch Ice Cream Cake offers all the flavors of fried ice cream in one scrumptious dessert! I love how all the work can be done ahead of time and then later it only needs to be cut and served.Some of the other tasty recipes are Layered Frozen Peach Cobbler, Chocolate Peppermint Cake Roll, and a Giant Brownie Ice Cream Sandwich. There are lots of ideas in Ice Cream Cakes that show how easy and delicious making them yourself can be!

Impress guests with all the fun, but without all the expense! These do-it-yourself homemade ice cream cakes are irresistibly delicious and impressive for any party. Whatever the occasion, the perfect party cake can easily be made at home with the simple step-by-step instructions provided with each recipe.
