Much More Than a CookbookBy Prentiss KnowltonHaving known Shuma Chakravarty more than 40 years, it's a delight to see the recipes for which she has been known over that time being made available to others. They have enriched my palate many times and my family and I look forward to enjoying them in our home. Her lifelong association with the cuisine of India coupled with India's rich cultural and spiritual traditions further seasoned by her subsequent personal relationship with Mother Teresa makes her offering much more than a cookbook.Prepare yourself for dining experiences to celebrate with your family and friends.0 of 0
