**Naomi Good : Indian Cooking (Kitchen Library)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Indian Cooking (Kitchen Library):

1 of 1 people found the following review helpful. Indian Cooking Made EasyBy SabzIndian Cooking by Naomi Good is essential for the novice cook but the experts could learn from it as well. It begins with a brief history of Indian cooking and regional differences, along with a guideline on cooking equipment needed for most Indian dishes.It then lists common ingredients with their Indian names and a description. Then all the receipes are given along with a picture of what they would look like and suggestions for garnishes which I find very helpful.This book is small but the receipes are aplenty and the illustrations are beautiful!

A cookery book of Indian cuisine, showing a variety of dishes illustrated in colour.
