**Linda Collister : Irresistible Cookies Biscotti** before purchasing it in order to gage whether or not it would be worth my time, and all praised Irresistible Cookies Biscotti:

1 of 1 people found the following review helpful. Wrong TitleBy Shannin03My mother-in law wanted a cookbook for her birthday with some new biscotti recipes to try. I saw this book and thought it looked prefect for her. When I received the book it was in excellent condition but as I started to look through it at the new biscotti recipes I would surely be taste testing I realized the book only contains 2(!) actual biscotti recipes! The book title would have you believe there would be about the same amount of biscotti recipes to cookie recipes, not true! Overall it is a cute book with some great sounding cookie recipes but get another book if you want biscotti recipes.

This series of quick and delicious recipes by Linda Collister showcases different types of baking and baked goodies - including Chocolate, Cookies, Biscotti, Flavored Breads and Pies Tarts Irresistible Cookies Biscotti - a homemade cookie provides a touch of luxury and indulgence, and these simple-to-make delights are sure winners. They are ideal for dessert or as a sweet treat with coffee.
