José Maréchal : Irresistible Macaroons (Les Petits Plats Francais) before purchasing it in order to gage whether or not it would be worth my time, and all praised Irresistible Macaroons (Les Petits Plats Francais):

If you've never seen the consistency of macaronage then as another reviewer said, "be prepared for a lot of disasters!" and you can see in the end of that section his macarons are like liquid (overbeaten)and would never rise. To top it off the recipe is a Swiss Meringue recipe and not the traditional egg white recipes. I wish I had known that but nowhere is it listed in the description. I don't mind, I've heard people have had success with this type of recipe and it will be interesting to try something new. And as you get to the end of the book the recipes start getting a bit exotic with a few of them with ingredients I've never heard of! If I didn't live overseas I would return this book to but the price of shipping it back is almost as much as the book itself :(.1 of 1 people found the following review helpful. FUN, FUN, FUN!!!!By KJagainA beautifully photographed book. Instructions are very clear if you want to tackle the challenge of macaroons. If you don't expect perfection the first time around, and are willing to get the feel and technique- it can be done. Very interesting flavor combinations and pretty colors. Just fun to pull out and look at with people who love to cook- better yet, a friend who wants to help you make them in the kitchen for an occasion! Gave it four stars only due to the fact you do need a bit of cooking experience and a few tools to get this right- not exactly for the novice, except for inspiration!1 of 1 people found the following review helpful. Irresistible MacaroonsBy A fan of erotic bedtime storiesBecause Macaroons are

so difficult to make well, the detailed instructions and ingredients found in the book are very necessary. Each receipt is easy to follow, but very detailed.

The macaroon is taking over from the cupcakes as the indulgence of choice, and here is a clearly explained, beautifully decorated guide to making the most fashionable treat around

About the Author José Maréchal is a French pâtissier who runs Café Noir in Paris.
