James Halliday : James Halliday Australian Wine Companion 2011 (James Halliday's Australian Wine Companion) before purchasing it in order to gage whether or not it would be worth my time, and all praised James Halliday Australian Wine Companion 2011 (James Halliday's Australian Wine Companion):

By Charles Augustine Ferrin
All of James Halliday's Australian Wine Companions are staggering in their monumental collection of tasting notes, winemaking data and regional history. In the study of Australian wine, he is peerless. If you are an Australian wine lover, this guide is essential. If you think all Australian wine is cheap, you need this guide even more. I'll go further and say that I have never seen another wine, spirits, beer or food guide that equals this annual publication in depth or scope. In all of this 700+ page gravitas, Halliday always retains his Australian character, a happy mix of joie de vivre and can-do pioneering spirit. Consequently, his scores might come off higher than many critics, yet you never get the sense that his grades are inflated. The Australian spirit is decidedly upbeat. The 2011 guide includes a much appreciated color map of the wine regions of Australia. New features also include tasting notes by Ben Edwards, varietal wine styles by region and best wineries of the region. Larry Cherubino Wines takes Winery of the Year.
