James Halliday : James Halliday Australian Wine Companion 2012 (James Halliday's Australian Wine Companion) before purchasing it in order to gage whether or not it would be worth my time, and all praised James Halliday Australian Wine Companion 2012 (James Halliday's Australian Wine Companion):

4 of 4 people found the following review helpful. Great Book - Terrible Format on KindleBy lhickinI've always been a fan of the James Halliday book when it comes to wine selection and given the price of this Kindle edition compared

the paperback, the decision seemed logical to purchase this.....however, the format of this Kindle version is, in a word - terrible. There is no indexing, a number of odd page bugs (flicked forward and back a page presents a corrupt image) and absolutely no formatting or optimisation for the digital format. It is almost impossible to simply flick to a selected winery, variety or any other reason one would choose to own a reference book like this. I will now go and purchase the paperback version elsewhere (sorry) and chalk this one up to experience. 1 of 1 people found the following review helpful. Great aussie wine book By DaveogI found the book to be informative about wine regions in Australia, and the ratings appear to be accurate. I recommend that anyone coming to Australia should read this book if they like wine. All in all a wine lovers reference.

From renowned expert James Halliday, the most authoritative and entertaining guide to Australian wines and wineries, now

About the Author James Halliday is a wine critic who regularly contributes to Epicurean and Gourmet magazines. He is the founder of Coldstream Hills and Brokenwood wineries and is the author of several books, including James Halliday's Wine Atlas of Australia.
