By NalaI really didn't find inspiration to bake with this cookbook since there weren't any photos. I like to see what the end result will look like. There is a variety of recipes but maybe better for one who is familiar with Japanese desserts.

By CustomerThis book was a ridiculous rip off. Don't let the cover fool you. You would do better Google searching the recipes. This book isn't worth more than \$2 or \$3 at most.

By SalenaThe inside of the book is all black and white and the recipes are simple and easy to follow. I would have expected something better from the picture of the cover, but was slightly disappointed by contents when it arrived. but good nonetheless.
