I just enjoy baking so I have a lot of cookbooks that I try new recipes every day. I bought this book, heard if from sallysbakingaddiction blog and since I love Sally and her recipes, I thought this book would be good. And it is! I tried couple of recipes and they all turned out to be delicious. I baked Mango- Rose Cheesecake, Butterscotch Pie and Lavender Palmiers from this book and they were all yummy. Every step is explained with details, and there are great pictures of every recipe. Most of the cookbooks don't have photos for each recipe and that kind of bugs me. I'd like to see what it's going to be in the end because I'm not a pro. I would recommend this book for anyone, for home bakers like me as well as professionals because the recipes are really creative and delicious. anyone could learn something from this book3 of 3 people found the following review helpful. L-O-V-E this book.By CustomerI bought this book after my appendectomy with a get well gift card my brother sent me. The pictures are

gorgeous, and the blurbs before each recipe are hilarious and sound just like her blog. Since every recipe looks delicious, I've decided I'm going to make them all, whether or not there is an occasion. But today I made the chocolate cake recipe with the chocolate frosting for my son's fifth birthday party and it was INCREDIBLE. Everyone loved it and ate seconds. I left out the espresso powder from both recipes for what I hope are obvious reasons (5 year olds!) but will try it with the next time I make it. I also have made the chocolate malt oatmeal cookies with salted peanuts and the vanilla bean confetti cookies (3 times!) - both delicious! If you like to bake delicious things that are just a little bit out of the box, buy this book! 0 of 0 people found the following review helpful. Tasty to read and make! By mikev We love this book! It's full of amazing recipes, beautiful photos and made with great paper. As a beginner baker I found it easy to follow along - we made a pumpkin pie for Thanksgiving with it and it was incredible! We also made some apple pie and a few other recipes out of the book. It's full of recipes for brunch, pies, cakes, cookies, you name it. Joy's style is so great too with the way she writes and engages her readers - it's funny and easy to follow for any level of baker.

Joy Wilson believes that everything is better with pie. And caramel. And definitely ice cream. Her world is pretty sweet: she dabbles daily in butter and sugar as her blogging alter ego, Joy the Baker. Her new book, Joy the Baker Homemade Decadence, is packed with 125 of Joy's favorite, supereasy, most over-the-top, totally delicious treats, such as Dark Chocolate, Pistachio, and Smoked Sea Salt Cookies; Butterscotch Cream Pie with Thyme-Marshmallow Meringue; Mint Chocolate Chip Cake; and Strawberry Cheesecake Ice Cream. After all, every day is an opportunity for sweets.

"I've been a fan (and friend!) of Joy's for years and have consistently seen her pour her heart and soul into everything she does. Her gloriously decadent-but-doable cakes, pies, brownies, cookies, and scones never fail to entice me, and I've had utterly scrumptious success making her recipes in my own kitchen. Joy's new cookbook, Homemade Decadence, is positively dripping with deliciousness, and I've already marked several recipes I want to try as soon as possible. It's a sweet and sticky triumph!" —Ree Drummond, author of The Pioneer Woman Cooks

About the Author JOY WILSON is the blogger behind the award-winning JoytheBaker.com. Joy's photography has been featured in Food Wine, Redbook, The Atlantic, and Forbes.com.
