In addition it is landscape and it looks like someone photo copied the pages and put them in your Kindle. Basically it looks like someone scanned the book in poorly as a pdf and then used something to convert it to kindle format. It is horrible and a complete waste of money.0 of 0 people found the following review helpful. ExcelentBy Customergreat book all of it true to the bible of Jehovah's Witnesses. I am a healer so I found this to be marvelous
