The day the book came, I had a big dilemma- finish my daughter's prom dress or read the book. I really wanted to just read the book, but the dress needed to be done as prom was in 2 days. I promised the dress, so I grudgingly put the book aside. As soon as the dress was completed, I sat down in my favorite chair, with my trusty companion next to me, and proceeded to read K9 Nation, the book I had longingly waited for. Klecko's book is not only a cookbook, it is also a story of a man and his dogs, and the relationship they have with the community they come in contact with. K-9 Nation is a cookbook that anyone can enjoy. You do not need to be a master baker, or even own a mixer to bake the biscuits. Some of the ingredients are a little different (I had no idea the grocery store carried red caviar) which expands your horizons to try other ingredients in a non threatening way. I have tried many of the biscuits in the book, and my

dog enjoys every one I have given to her. There are many more biscuits to try, so our culinary adventure together is on its way! Thanks Klecko for a book that not only reaches my spirit with the baking, but also reaches my soul with the stories. 0 of 0 people found the following review helpful. Great Book! By JavierNice read. Finley Klecko is known to many in the Midwest as the Ezra Pound of great bread-baking -- the ne plus ultra enthusiast, the drum-beater, the clarion. Now he touches down with the other of his great loves, dogs, with a wonderful and attractive book that uses the idea of baking for our pets as a springboard to express his great joy and love for you and me and Bruno there, snoring on the floorboards. K-9 Biscuit Nation feels like a cookbook -- a cookbook for dog biscuits? -- but it is more than that. It is the opening volley in a conversation as the high-hatted Klecko swoops you up in his world-affirming embrace and swoops you off to his mountain of wisdom. Truth biscuits? Faust biscuits? Puppy pesto? It's a new world, or the old one seen through a dogocentric prism. If your heart has capacity for joy, and your pocket room for treats, dip a paw into this beautiful, funny, unduplicatable book.

Master bread baker Klecko combines decades of international baking experience with a lifelong love of dogs to bring you a straightforward, no-nonsense cookbook that puts your dog's tastes first. The breads of master baker Klecko have been served in some of the finest restaurants in Minneapolis and St. Paul. With decades of international culinary experience, Klecko has baked for presidents, rock stars, and professional athletes. Now, he shares his favorite recipes for his favorite clients; the four-legged kind. K-9 Nation Biscuit Book offers three dozen recipes that are sure to get tails wagging: unique concoctions, including the exotic Seaweed-Miso Biscuit and a classic Sausage Biscuit; celebrity-inspired creations such as the Fritz Mondale Cherrydash; Cream Cheese Biscuit and the Cesar Millan Minnesota Biscuit; and the highly practical Tummy Biscuit and Bad Breath Biscuit. The recipes are presented in a straightforward, no-nonsense manner that puts your dog's tastes first; no fire-hydrant cookie cutters here! Instead, each recipe emphasizes high-quality ingredients and sound baking tradition to ensure that your pooch is receiving a healthy treat she won't be able to resist. Klecko's can't-miss recipes are paired with detailed nutritional information, sidebars with fun dog facts, and compassionate recollections about his own dog experiences.
