Kaichi Tsuji : Kaiseki: Zen Tastes in Japanese Cooking before purchasing it in order to gauge whether or not it would be worth my time, and all praised **Kaiseki: Zen Tastes in Japanese Cooking**:

3 of 3 people found the following review helpful. A true classic!
By Cody C
This book delves deeply into the cuisine of cha-kaiseki. More than a cookbook, it shows the mindset of the chef who is preparing the meals, illuminating the reasons why and how things are made. This book is not for the novice, but someone already familiar with Japanese cuisine. Though out of print and somewhat expensive, it is worth every penny. A true classic!
3 of 3 people found the following review helpful. Good book if you can get it
By bigdaddy
This is not a flashy, modern fusion cuisine book. This is part of its charm. Almost a photo book, with descriptions of the dishes taking a secondary role. There is some insight to the planning of the menus and how they relate to seasons/ special occasions. Beautiful print pages. A valuable collector's item worth the price for the serious student of kaiseki Ryori. Long out of print, worth the price if you can find it.

By B Croft
Book content is excellent! However, condition very poor and NOT as described. Not worth even the one star I am forced to give to submit feedback.
