A wonderful surpriseBy George NakosThis is absolutely a wonderful book. It does an excellent job in depicting the life, culture, and history of rural Corfu. The food recipes are wonderful. However, I have to emphasize that this is not just another recipe book. It is more of an inside look into the life of rural Corfu.

An account of traditional ways of eating and living in Corfu.

About the AuthorJohn Tovey's A Feast of Vegetables was first published in 1985. He was proprietor of the famous Miller Howe hotel in Windemere, The Lake District, where vegetables - immaculately and imaginatively cooked - were always given pride of place. Much appreciated by Miller Howe's guests, vegetables were never regarded as an afterthought to the dishes they accompanied. A Feast of Vegetables is an easily-consulted alphabet of 200 recipes for all kinds of vegetables - starters, accompaniments and main courses, from cabbage cooked in cider, and courgettes with marsala, to leeks in a cheese pastry, and spinach fried with chopped walnuts. The delicious, healthy soups are an especially rewarding source of inspiration. Rights clearances are under negotiation for the re-issuing of further titles in
