Great Read, it is however a little dated By Customer Great Read, it is however a little dated, But all still great information. Only the info on producers is dated. The rest of it is great information on Lambic! 0 of 0 people found the following review helpful. Outdated By Brendan James Kennedy This is a good book

just a little outdated. Read any of the modern sour beer books (American sour beers, Wild Brews) prior to reading this.

After studying this unusual, fruity beer style extensively in Belgium and at the University of California-Davis Department of Fermentation Studies, Jean-Xavier Guinard presents his findings with detail and historical intrigue.
