Lena Kakouki : Lena's Autumn Cookies Muffins before purchasing it in order to gauge whether or not it would be worth my time, and all praised Lena's Autumn Cookies Muffins:

Autumn is a beautiful season where the leaves change colour from green to warm orange and red to earthy yellow and brown. There is crispness in the air and you are surrounded by the smell of cinnamon, pumpkin, apple...what better time to indulge in comfort treats like macadamia nut cookies with creamy honey filling and sticky toffee muffins while

sitting around the fireplace reading a good book or preparing for that Halloween party with orange and chocolate spread pumpkin shaped cookies or spicy apple and oat muffins. This is a wonderful collection of heart-warming easy, indulgent and healthy, sweet and savoury recipes for both cookie and muffin fans!
