Lannie King Yee : Let's cook the Chinese way : the ABC's of Chinese cooking in detail. before purchasing it in order to gage whether or not it would be worth my time, and all praised Let's cook the Chinese way : the ABC's of Chinese cooking in detail.:

0 of 0 people found the following review helpful. My favorite Chinese cookbook.By Michael LevyI found this cookbook in Chinatown when I was living in Vancouver BC 42 years ago. It is easy to find my favorite recipes because those pages are soiled with fingerprints or cooking stains because I have used them so much. I like the fact that he explains the philosophy and principles of Chinese cooking at the beginning of the book. The recipes are rock solid and even give substitutions for ingredients you may not have available. It is a no frills book without photos, but I find it much better and straight forward than fancier Chinese cookbooks I have seen. I bought another copy 40 years later to gift to my daughter-in-law who teaches Chinese in High School. Highly recommended.

Anc's of Chinese cooking in detail.! Revised edition has recipes that are truly Chinese, preparation is simple, clear instructions, basic concepts emphasized, making it possible to cook almost anything the Chinese way. Alternative ingredients are frequently recommended, so many dishes can be made from a single recipe. Economy and vegetables are emphasized
