Jeni Wright : Little Book of Viennese Pastries (Little Cookbook Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Little Book of Viennese Pastries (Little Cookbook Series):

1 of 1 people found the following review helpful. Nice little pastry primer
By Siobhan Mulligan
My husband wandered into a Viennese pastry shop last year and went nuts! I bought him two Viennese pastry cookbooks right after this happened and he proved to be a little less talented in the kitchen than he thought. This series of "little Cook Books" Are usually a great little sampler of the given subject they cover. I made one last attempt with this one for his Viennese pastry obsession. He has made three different things so far out of this cookbook (one of the recipes twice), and everything has been edible (the dogs AND the kids will eat it!) and he has not caught the kitchen on fire yet (so far this year)! For that reason alone, I recomend this cook book! The instructions are easy to understand and the results are

quite tasty! More talented cooks might want more, but for a beginner or someone with limited time to invest (or limited talent, but don't tell my husband) this book is a treasure! 0 of 0 people found the following review helpful.
Great. By Jeannette T Quick delivery. Great book.

Book by Wright, Jeni

.com Ah, Vienna! Nowhere else is the butter so buttery, the cream so creamy, or the eggs so eggy. Thus you have Viennese pastry, the toast of European foodies for the last couple of centuries. The famous Apfelstrudel, Sachertorte, and gloriously multilayered Dobosztorte are all lip-smackingly represented in this tiny book of tasty recipes.
