They make great presents to give to family and friends who don't cook much (size of book is inviting) or great additions to bridal registry potholders, dish towels and kitchenware or great with gift cards.0 of 0 people found the following review helpful. Great!By CustomerIt's a gift for my mother so I won't be able to review the recipes until after Christmas but the book is great! It's little but has more recipes than you'd expect for its small size. I can't wait to use it!2 of 2 people found the following review helpful. Great recipe tipsBy Kindle CustomerI'm from Hawaii; these recipes are authentic. I needed the recipe book, since I cook from memory. This helps to job my memory when cooking great foods from Hawaii.
