**Murdoch Books Test Kitchen : Little Taste of Japan** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Little Taste of Japan:

Each title in this series is both a cookbook and a photographic essay of people and places. The series encapsulates the flavours of the world's most exciting and popular cuisines and explores the colourful settings in which food is sourced, cooked and enjoyed. Each book contains a selection of authentic recipes suitable for the home cook.
