**Kevin Gibson : Louisville Beer: Derby City History on Draft (American Palate)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Louisville Beer: Derby City History on Draft (American Palate):

2 of 2 people found the following review helpful. If Bourbon is King, Beer is the Crown PrinceBy J. MichalowskiBourbon may be the king in Louisville, but if that's the case beer is still the crown prince. In this book, the author delves into the past and present of the brewing industry in Louisville, KY. You can certainly tell that he did a fair amount of research to put this work together. The author uses both literature research as well as some first person

accounts to tell the story. The book is well organized and has a number of very good photographs relating to Louisville beer history. The book is a fast read that anyone with any interest in the history of beer in Louisville needs on their shelf. 0 of 0 people found the following review helpful. Louisville has a great booze history By Ronald F. Minnick Louisville has a great booze history. We know about bourbon, but holy smokes, it's beer history is deep. The book brings Falls City, Oertels and Fehrs back to life to those us who remember sipping it in the long, long ago. It also offers insight to what happened to Louisville beer and why how Louisville had its own beer style. It's a great book, that will open your eyes to Louisville. 0 of 0 people found the following review helpful. Four Stars By Linda Schweiss This was a gift.

It's no secret that Louisville is one of America's bourbon capitals, but the Derby City once thrived as a brewing mecca as well, rivaling even St. Louis and Milwaukee with its crisp lagers and Kentucky Common Ale. German settlers arrived with centuries-old brewing traditions and beer gardens, cementing beer and barrooms in Louisville's culture. Following Prohibition, the "big three"--Falls City, Fehr's and Oertel's--kept traditions alive while ingraining iconic brands into the city's fabric and heritage. More recently, craft brewers like BBC, Apocalypse Brew Works and New Albanian Brewing Company have drawn on this rich history. Kick back with Louisville food and beverage journalist Kevin Gibson as he traces Louisville's beer history with stories from the past, interviews and plenty of photos that bring this intoxicating story to life.

About the Author Kevin Gibson is a Louisville-based freelance writer who writes about everything from food to music to beer to bourbon to professional football. He loves bacon, loathes cucumbers and once interviewed Yoko Ono. When he isn't running around town chasing stories or poised at his trusty laptop writing, you can often find him at one of the local breweries and being thankful for the life he lives.
