**Sylvia Wu : Madame Wu's Art of Chinese Cooking** before purchasing it in order to gage whether or not it would be worth my time, and all praised Madame Wu's Art of Chinese Cooking:

When I was in College in 1975 through the military, I took a cooking class just so I would be able to cook a better variety (there were 5 of us sharing a house). After taking the class we got a visit from Madame Wu who gave us all chopsticks with our names on them. Those were really important to me for years. We had a fire and I lost both my book and the chopsticks. I can't replace the chopstick but when I saw the book here I ordered it in a heartbeat. I have been cooking with her recipes and taught my wife as well for many years. Now she is thrilled to have the whole book. If you like Chinese food and have access to genuine Chinese markets this book is worth it's weight in gold. You will not be disappointed. I was also amazed to read that she is 102 years old! Must be the food.

I have owned this book since the 1970's. I ordered this copy for my son because it's the simplest, best Chinese wok cookbook I have owned.
