**Madhur Jaffrey : Madhur Jaffrey's Cookbook** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Madhur Jaffrey's Cookbook:

1 of 1 people found the following review helpful. A Collector's Cookbook with Great recipesBy LuluThis is a hard to find book but worth it. The recipes are absolutely delicious and she gives you menus. I think I have cooked everything in it and all were just great. This was one of Madhur Jaffrey's first publications. No writer on Indian cooking is better for western cooks than MJ. She really makes things clear for the American cook and kitchens. She has since written many great cook books and I have them all but this one gets the most use at my house.0 of 0 people found the following review helpful. Great for beginnersBy OsosannaI got this as a gift for a relative whose cooking skills are limited to things you can boil, such as oatmeal and eggs. These recipes are delicious and easy to prepare, and the directions are user friendly and conversational in format. Hope I get a tastier meal the next time I visit him!1 of 1 people found the following review helpful. not as good as her other booksBy DcorderoreyesDon't get me wrong. I love this author. That being said, this is not up to par with her others that I own. This book has menus, menus that frankly, are pretty unappetizing in my opinion. Save your money and purchase another of her books. An invitation to Indian cooking, is a classic as well as a must have. Grab that one instead. This one doesn't have nearly as many recipes either.

From Library JournalThese recipes, inspired by actress Jaffrey's travels all over the world, are the dishes she cooks most often for family and friends, for they are special enough for entertaining but simple enough to allow her to enjoy

her company. Her menus (Temptations from Anglo-India, A Feast for All Times) are as likely to include a Tex-Mex dish or an Italian favorite as one of Jaffrey's Indian specialties. Friendly reminiscences and cooking tips accompany most of her spicy, unusual, and satisfying recipes. For most collections. Homestyle Book Club alternate.
