**Maida Heatter : Maida Heatter's Best Dessert Book Ever** before purchasing it in order to gage whether or not it would be worth my time, and all praised Maida Heatter's Best Dessert Book Ever:

0 of 0 people found the following review helpful. Scrumptious recipesBy Annie AnnA treasure trove of delicious deserts. All written out well. Baking made easy and delicious.0 of 0 people found the following review helpful. Four StarsBy TadsterLots of recipes and ideas to try out. Not your average baking cookbook.4 of 6 people found the following review helpful. Wish there were PhotosBy CurlyThe recipes are, in typical Maida Heatter style, to-die-for delicious; however, I deny the 5th star because there are NO PHOTOGRAPHS. This is just my opinion, but

cookbooks, PARTICULARLY DESSERT COOKBOOKS, should include color photographs IN THE BOOK, not merely on the cover. Especially since some of these desserts are really beautiful. Most of the recipes I've tried have been easy enough, but a couple I found to be a little complicated--not difficult, exactly, just containing a lot of steps, and so require the baker to be organized, and ready to move directly onto the next step. Prep is key--have everything you need measured out and ready to go before you begin. If you are lucky enough to have duplicate beaters for your hand mixer, and a duplicate paddle, whisk and bowl for your stand mixer, you will find the recipes even easier. Also be sure you have room in the fridge--some of the recipes require 8+ hours of refrigeration before serving. That said, do yourself a favor and make the Ethereal Chocolate Mousse Cake with Bittersweet Chocolate Sauce, and The Banana Rum Terrine. I groan just thinking about them. Totally worth the sinkful of dirty dishes.

Covering the whole range of dessert possibilities, the recipes in her newest cookbook have only one thing in common: sweet-tooth appeal. Features Heatter's instructive asides and 95 line drawings.

From Library Journal Can this really be her best book ever? Better than Great Chocolate Desserts ( LJ 9/15/80)? Better than Great American Desserts ( LJ 9/15/85)? It doesn't matter, for Heatter is back with more helpful tips and tricks, her familiar reassuring tone, and a wide variety of delicious new desserts. There are addictive chocolate creations, "light, lighter, and lightest" cakes, lots of cookies, fresh fruit combinations, ice creams, and more. An essential purchase. Previewed in Prepub Alert, LJ 5/1/90. Copyright 1990 Reed Business Information, Inc. From the Inside Flap Covering the whole range of dessert possibilities, the recipes in her newest cookbook have only one thing in common: sweet-tooth appeal. Features Heatter's instructive asides and 95 line drawings.
