Make your family happy with fruit laden cakes (not just traditional fruitcakes) at ...By Lynn BCheck out apple bread pudding , key lime i.e., cranberry nut bread . Make your family happy with fruit laden cakes (not just traditional fruitcakes) at Christmas . Very explicit directions "this cake cracks in the middle " , "Lline the pan with buttered aluminum foil" . Even less experienced bakers will do well. No more wondering if the many calories and dollars are all for nothing3 of 3 people found the following review helpful. A Must Have for Dessert Lovers!By RoxyieAn expert baker, Maida Heatter provides her best recipes including cakes, pastries, cookies, fresh fruit, and yeast breads, for serving at parties, or for just the two of you! Plus, she provides information on equipment, techniques, and ingredients. You won't find fancy photos, just a scattering of illustrations. This is an oldy but a goody! Packed with recipes from the introduction to the very last page, her tried and true recipes run the gambit from simple deliciousness to the most exotic fares. Picture this: Big Sur Chocolate Chip Cookies, Savarin, Cuban Banana Bread, or the Best Damn Lemon Cake! Each recipe has a story to go with it. Her recipes are easy to read, carefully written with tips and tools, and cover standard ingredients, as well as exotic ones she's found to be favorites. While I love pictures, and step by step photos, this book is a gem I won't part with! Indeed, I intend to purchase her entire library!! Wow, thank you Maida Heatter for thinking of dessert lovers everywhere!!1 of 1 people found the following review helpful. Great addition to my collectionBy Sandra CThere is a reason people have enjoyed Maida Heatter's recipes for years. She is confident and respectful to give others credit for their recipes, many are

uniquely hers. The recipes are described well enough to let you know what to expect before you start baking. That makes reading her books a treat. The only thing that could improve it would be colored pictures.
