Eric Kayser : Maison Kayser's French Pastry Workshop before purchasing it in order to gage whether or not it would be worth my time, and all praised Maison Kayser's French Pastry Workshop:

Master the art of French pastry with step-by-step instructions from one of Paris's best bakers and founder of the renowned Maison Kayser.

Names alone will generate drools: macarons, madeleines, choux pastries, millefeuille. When those so wonderfully French sweets are combined with how-tos from a master baker, this book's appeal is inescapable. .
