Merehurst Editors : Making Beautiful Christmas Cakes (Cookery) before purchasing it in order to gage whether or not it would be worth my time, and all praised Making Beautiful Christmas Cakes (Cookery):

Tricky But With Good Ideas--Quite British Though...By ChefCheyanneThis is a charming book, with a fine British pedigree, that takes decorating cakes quite a few steps above canned frosting. Just the clever use of new colors made the book worth it for me. But some ingredients--like castor sugar--no it's not EXACTLY like powdered sugar!--create some translation problems. Don't let the book overwhelm you--study some of the pictures and techniques and retool to make it a little easier on yourself and you will bowl people over with your fabulous pastry skills.0 of 0 people found the following review helpful. Five StarsBy Bonnie CainJust as described0 of 0 people found the following review helpful. Small, but beautifulBy LeaRThis book was a lot smaller than I expected for some reason but had some beautiful ideas for cakes, some very simply and effectively decorated (ideal for commercial cake decorators/bakers) and some for those who love sugarcraft and cake decorating as a hobby and have more time to spend on their cakes. Some lovely fresh ideas for holiday cakes.

Christmas is a time for beautiful cakes. This book offers a wide selection of both classic and contemporary cake designs to suit and adorn any Christmas table.
