n/a : Making Fresh Bread: Create Fresh Bread in Your Home With Perfect Results before purchasing it in order to gage whether or not it would be worth my time, and all praised Making Fresh Bread: Create Fresh Bread in Your Home With Perfect Results:

1 of 1 people found the following review helpful. great for beginnersBy CustomerI borrowed this book from our local library and have now bought it as I was so impressed with it. I've not had much experience making bread from scratch until I got this book. It makes it so easy for someone with very basic knowledge and skills in breadmaking to create absolutely beautiful breads like a pro!My husband who used to work as a chef is very impressed with the items I've been making. It's only got a few loaf type recipes, but has more of the specialty breads like rosemary and sundried tomato foccacia, english muffins, bagels, turkish flatbread etc. All VERY nice!0 of 0 people found the following review helpful. Wonderful recipes!By L. CalcanoI don't have a lot of experience making bread but with this Book I've

been able to bake the yummiest bread. I'm fascinated. It's like Magic to look the bread growing in the oven, smell it and, of course, enjoying eating it. I highly recommend this Book.
