Would have liked a few more recipes, though. Still a good read for the Whoopie Pie enthusiast or like myself, someone who enjoys cooking!1 of 1 people found the following review helpful. History, Hilarity and good treats!By MarathonThis cookbook doesn't have a lot of recipes but they are good ones. Lots of history and current activity surrounding Whoopie Pies. It's fun and creative.

Whoopie pies could be declared the official Maine dessert, and many assert that the rotund chocolate confection originated there, although Pennsylvania actually has a an equally strong claim to that honor. No matter-aficionados in both locales never tire of the giant sandwich cookies, and the comfort-food treats are enjoying a renaissance as bakeries offer gourmet versions on the Internet. This little book is a wide-ranging, lighthearted look at whoopie pies and the folks who love them. This book contains 16 recipes including healthy, gluten-free, and zucchini whoopie pies!
