**Ronald Kness : Making Wine: How to Make Wine from Kits** before purchasing it in order to gage whether or not it would be worth my time, and all praised Making Wine: How to Make Wine from Kits:

0 of 0 people found the following review helpful. Great InformationBy Larry KrullVery helpful for a first time wine maker. Clear and concise instructions along with personal experiences make this a valuable tool.0 of 0 people found the following review helpful. Good starters manualBy h matthewsThis is perfect for someone about to make wine from a kit for the first time. I didn't learn any new tips and tricks but I have been reading up on it quite a bit. It's a short read and good for beginners.

Discover one of the fastest growing hobbies in the United States today! Inside "Making Wine - How to Make Wine from Kits" ebook are the secrets to making excellent wine from kits the first time and every time. Some of the topics addressed are: \* How to choose a kit wine. (page 10) \* What basic equipment you need. (page 13-18) \* What additional pieces of equipment make the process easier. (page 13-18) \* Learn a kit winemaking process that is better than other processes. (page 20) \* Create your own wine bottle labels. (page 32) \* Learn when to filter and when to not. (page 35) \* Finally, learn how to enjoy the fruits of your effort. (page 38) While this ebook is only about making wine from kits and doesn't go into making wine from fresh fruit, it does a great job of discussing the equipment needed, the process used and a chapter on how to enjoy the wine you just made. Order this digital download now - so you can start reading today how to make award-winning bottles of wine that you would gladly pay \$15 to \$20 per bottle to buy, for as little as \$4 to \$4.50 per bottle! Be part of the fastest growing hobby in America.
