Martha Stewart Living Magazine : Martha Stewart's Cupcakes: 175 Inspired Ideas for Everyone's Favorite Treat before purchasing it in order to gage whether or not it would be worth my time, and all praised Martha Stewart's Cupcakes: 175 Inspired Ideas for Everyone's Favorite Treat:

78 of 80 people found the following review helpful. *crazy for cupcakes*By Heather Isaaci *love* Martha Stewart's cupcake book! for years i've been searching her web site for cupcake ideas for baby showers and my kids' birthday parties. this book is chock full of wonderfully creative cupcakes for all seasons, holidays and special occasions! i've already made the shark and beach parasol cupcakes for my son's ocean-themed birthday party and the beautiful buttercream chrysanthemum cupcakes for a baby shower. you may think you need some special talent to pull her creations off, but all you need is a little practice and patience! there is no way you can leaf through this book without getting inspired...and drooling! After 287 pages of pics of and recipes for mouth-watering cupcakes, she includes

informative pages on tools for baking, how to prepare a piping bag, working with fondant and marzipan, pastry tips and even how to display your treats. my husband agrees that this was a wonderful investment since he's seen how many of her baking ideas have come to fruition in our home...plus he's hoping i make him those yummy tiramisu or choc. salted-caramel mini cupcakes for his birthday! ;) yummo! ENJOY!2 of 2 people found the following review helpful. It was hard for me to buy anything with Martha Stewart's name on it, but this was an exception. Simply delicious recipesBy Old SparkieMartha Stewart is not my favorite personality...not even close! However, the Cupcake cookbook is simply excellent. The recipes are clearly written, and easy to follow. Having made over 25 different cupcakes following her book, I can attest to the fact that each one is delicious.I don't think you could possibly imagine a cupcake to make at home that would not have an included recipe. The flavors, aromas, colors, and consistency of each recipe is superb.Maybe Martha isn't all bad after all.2 of 2 people found the following review helpful. great recipe'sBy Alan-SFThis is a great book, unfortunately 3/4 of the book is decoration ideas. But all the recipe's have turned out perfectly. Always a moist and delicious cake. Contrary to what other reviewers have said, all the recipes do work when followed. There seem to be several reviewers who don't read the recipe, or don't know proper technique.
