Wonderful collection of unique recipes, considerable fun to try--from the baking and eating side.By Scott from TexasWonderful recipes, but a bit of a challenge from the US side of the pond. Our ovens don't have the same settings, so it's kind of a challenge to guess at temperature/fan speed conversions. Google helps considerably with measurement translations, and we've found that the extra challenges are still worth the effort.0 of 0 people found the following review helpful. easy to follow ingredientsBy DeborahTempting recipes, easy to follow ingredients, and instructions in metric units. The only real stumper for me is the differences in baking temperatures and temps listed using a fan assisted oven. But as a great follower of Ms. Berry from the Great British Bake Off, it's an inconvenience, not a show stopper for me. I use a conversion table from the internet as an assist.

Filled with 250 foolproof recipes of every variety, this comprehensive cookbook is packed with delicious baking ideas. Tempting muffins, scones, and breads are included along with Marry Berry's famous cake recipes, including Victoria Sponge, Very Best Chocolate Cake, and Hazelnut Meringue Cake. Full-color photographs and illustrations that detail trickier steps are accompanied by easy-to-follow instructions and handy tips, making this an ideal resource for kitchen novices and more experienced cooks alike.
