Mary Berry : Mary Berry's Ultimate Cake Book before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mary Berry's Ultimate Cake Book:

Mary, Mary, Quite the Fairy By Roy-michel Bolduc Mary Berry is a wonderful baker. She is self-assured and exudes confidence without looking down her nose at her readers. Not an easy feat. One has the feeling that a friend, or Cake Fairy, has entered the kitchen and will guide the baker through all sorts of things which might appear difficult but are in fact quite easily accomplished. Mary Berry should be at the side of every baker. World results would be far better with Mary's wand waving over the ovens. And she is thoughtful enough to print US and European measurements. 2 of 2 people found the following review helpful. The Bible of Cake By One man's meat Bought this for a friend's birthday - it has long been our bible for cakes for birthdays, school baking and generally when it would be nice to have a cake around. Which is most of the time It
