It is so bright and colorful; it is a great cookbook for your collection. The meringue recipes are simple and straightforward and the girls give you great ideas of combinations of flavors. Another thing I like about this book is that there is a section that gives you recipes to use all those yolks that would otherwise be wasted. I love the ideas I have gotten from this book and I just wish they were closer so that I could actually sample some of their meringues that I am sure are amazing!2 of 2 people found the following review helpful. Four StarsBy Pamela MortensenWish they had explained "natural" food coloring for us who don't live in the UK.0 of 0 people found the following review helpful. Five StarsBy Joanna DBeautiful, full of recipes I can't wait try!

A chapter on using up leftover egg yolks in luscious sauces and curds rounds out this compelling package.
