My 14-year-old daughter gave this to her friend along with a cute mug as a Christmas gift. I thought it made for such a nice present, and the friend absolutely loved it. I'll be using this gift idea again, especially because you can pair this with a mug that can have a personal twist. Perfect for teenage girls! Although my daughter is also going to give this to her grandma because they are always making sweets together, and she is going to get her a really sweet grandmother/granddaughter type mug to go with it.

No time to bake but fancy a sweet treat? Perfect single-sized indulgence in minutes!
