Leslie Fiet : Mini Cupcakes before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mini Cupcakes:

2 of 2 people found the following review helpful. If you aren't a baker, this book is finehellip; buthellip;.By J. WestcottI can't say that I've ever been so unimpressed with a cupcake recipe book. I suppose if you are a novice (and I mean novice) baker this might be OK. However, I bake a lot of cupcakes and was hoping to find new and exciting recipes.Unfortunately, this book repeats recipes over and over changing only the color of the frosting, maybe some decorations and sometimes swaps out frosting flavors. I was seriously, VERY disappointed in this book. Some of the recipes towards the middle and back of the book are ok but this book is nothing to write home about and I really am very sorry I wasted my money. Maybe if they had put the recipes in the middle and back of the book in the front and then the more repetitious recipes in the backhellip; I might not have noticed it so much but as it was organized, I just got bored quickly and barely wanted to continue looking since I didn't want to read the same recipes over and over and over.The recipes seem solid enoughhellip; which is why I didn't give it a 1 star and it's fine for a novice baker but there are many, many books that provide way more recipes for your money than this book!0 of 0 people found the following review helpful. Fun idea, but it doesn't talk about how hard ...By Shauna BImmediately went out and bought a case of small cups to start baking. Fun idea, but it doesn't talk about how hard it is to get the cake out the wrapper cups. More of a novelty or for children.2 of 2 people found the following review helpful. Cupcake bookBy Sandra AmaralThe book is filled with amazing photos, its a beautiful book. Recipes are simple and very easy to read and understand. No strange ingredients listed - which was nice. Only complaint, the same recipes were repeated throughout the book,

would have liked to see different types of cake recipes. But it was interesting to see just how many ways the same recipe can be used in various flavors of cupcakes.

Sweet ideas highlighting a hot baking trend. Mini Cupcakes specifies the finest ingredients, including Madagascar vanilla, dark Belgium chocolate, and organic fruits to create amazing mini cupcake creations. Combine great cake recipes, such as Key Largo Lime or Chocoholic, with filling recipes, such as banana cream or salted caramel. Add frosting and toppings such as white chocolate ganache or margarita cream cheese and you have endless combinations of rich and decadent goodness. With tips for making, baking, and decorating, this cookbook offers perfect combinations, from the Breakfast at Tiffany's cupcake to Pretty in Pink, from the Diva cupcake to the Mocha Latte. Part delicious cupcake, part tiny pieces of art, Mini Cupcakes are the perfect treat to satisfy your cravings or entertain in style. Leslie Fiet is the owner of Mini's Cupcakes in Salt Lake City, Utah's first bakery specializing in gourmet cupcakes.

Leslie Fiet is the owner of Mini's Cupcakes in Salt Lake City, Utah's first bakery specializing in gourmet cupcakes. Zac Williams is a photographer and videographer specializing in food photography. He is also the author of French Fries and Little Monsters Cookbook. (Goodreads) I received this book from the publisher in exchange for a review and I can tell you it is amazing! If you love cupcakes, you will love this book. Everything from chocolate to key lime, you can't help finding oodles of flavors you will want to try. The combination of gourmet ingredients is half baking and half creating art. Visions of salted caramel and Belgian chocolate are dancing in my head as I write this. There are conversions for ingredients that the average cook may not have on hand (buttermilk, soybean oil) and excellent directions that make creating these masterpieces easy. All the cupcakes were created using a convection oven and a KitchenAid mixer. If you are using a regular oven (me), you will need to adjust your time about five or so minutes. Leslie Fiet does a great job of filling you in at the onset of the book, so there are no surprises. There is a list of needed ingredients at the beginning of the book to make your life easier when you start to bake. It is very helpful. The pictures are there for most of the cupcakes, so you have something to shoot for. Always a plus! Photographer Zac Williams does an excellent job on the pics, and the cupcakes practically waft goodness off the page. I am honestly not sure which one is my favorite. Pretty in Pink is one and so is Diva. The rest are just as delicious looking and I can't wait to make some! This book is well worth the read and the baking experience is fun. The price point is also good. 16.99. Excellent!
