Not much picturesBy sorrowIt is nice to have a donut book that give you 2 ways to make it for each recipe but it disappointed me that it doesn't have the final picture of each recipe. For cookbook, I really enjoyed looking at pictures for each recipe because it catches my attention to make it.4 of 4 people found the following review helpful. odd frosting directionsBy Hippie38Lots of yummy donut recipes, for fried and baked. I made the Vanilla ones last night and they turned out great. My problem is with the "glaze" or icing. She's got 1 TBLS of milk and 1 teaspoon of vanilla, then 1.5 cups of powdered sugar. Mix until smooth. Well.....there is not enough liquid to ever make this into a glaze. I ended up pouring more milk and vanilla into the mix and honestly...it was gross. So I am not sure if I did something wrong or if there is some kind of typo in the book. I did go online an found other glaze recipes, and they all have a much more liquid/powdered sugar ratio, so I will just use those for icing the donuts.2 of 2 people found the following review helpful. ... present to go with babycakes donut maker and they loved it!By CustomerBought as a present to go with babycakes donut maker and they loved it!!
