It's full of lots of beautiful color photos and lots of ideas for little handbags in fondant. However, I bought this book to make these same items out of polymer clay. I make cakes but I also sculpt jewelry out of clay, so this book gives me the best of both worlds. I have found that any book that I buy for fondant I can use for clay and visa versa. This same publisher also makes a book with ideas for lots of little shoes. So if you want a good book with lots of great ideas for little handbags then this is a good book to ad to you collection.1 of 1 people found the following review helpful. greatBy ErikaAdorable and elegant ideas, super super
