The book arrived in good condition and the shipping was fast. 0 of 0 people found the following review helpful. Moghul Cooking by Joyce Westrip By Mo Thursby Excellent book written by someone who went to the same school as I did--Bishop Cotton Girls' School Bangalore. Delicious results from recipes! 7 of 7 people found the following review helpful. The book on Mughlai By Dr. Solaiman Ali I'm from Bangladesh and well familiar with Mughlai food. I've been researching Muslim food in Bengal/Bangladesh and have come across this wonderful book by author Joyce Westrip. She has done a perfect job of collecting the representative dishes from the kitchens of the great Mughal emperors. Both content and organization are

excellent. I particularly appreciate her descriptions of the origins of the dishes. As a food writer, I find her introduction very well written, educational. I've read and re-read the introduction. Also, Joyce Westrip provides a substantive and interesting introduction to every dish. I find this very valuable as a reader. I possess a large collection of titles on South Asian including Mughlai cooking. In my evaluation, this one gets the highest grade 5-star (A plus). I highly recommend this book to academic food writers and readers to buy this book. My only recommendation to her would be to add photos of her dishes in a future edition. The Moghuls gave India its greatest monuments and revolutionized its cooking, as Westrip's ground-breaking book makes clear.
